

JURY ACQUITS
TWO OF FRAUD

Miller and Johns Freed
by the Court...First
Cases in Postoffice
Scandal.

GOVERNMENT LOST

The Federal Officials Are
Much Chagrined Over
the Finding of the
Jury.

Cincinnati, O., Nov. 21.—D. V. Miller of Terre Haute and Joseph M. Johns of Rockville, Ind., have been acquitted of the charge of conspiracy to extort a bribe from John J. Ryan, formerly president of a get-rich-quick trust. The verdict was received with demonstrations that could not be suppressed by the court officers.

As soon as court was adjourned and Judge Albert C. Thompson retired, pandemonium broke loose among the friends of the defendants from Indiana. Miller and Johns and Attorney Hiram D. Rullison and Charles W. Baker were overwhelmed with congratulations. The defendants finally broke away from the crowd to shake hands with the jurors and wept as they did so. Mrs. Johns was the only woman present and she was overcome with joy.

Officers Are Disappointed.
Chief Postoffice Inspector Cochran, Mr. Robb, assistant attorney general for the postoffice department, and others from Washington who had assisted District Attorney McPherson and Assistant Attorneys Moulton and Darby in the prosecution, left for the east before the verdict was rendered. Others who remained expressed disappointment.

Miller and Johns were tried on the charge of extorting \$4,500 from Ryan to secure for him a postal department ruling that allowed his trust concern, afterward declared a fraud, free use of the United States mails. They were prosecuted by the postal department.

The federal officials acknowledge their disappointment in the final outcome, but express some satisfaction in a definite result. The government officials say this case was not like any of the other postal cases that are pending, as it simply dealt with the action of Miller when he was an assistant attorney in the postoffice department.

Crowd Calls for Ryan.
Among the cries of the crowd rejoicing with Miller and Johns was that of "Where is John T. Ryan?" Ryan had been the central figure during the two long trials, but he was not present when the second verdict was read. The jury retired shortly before 3 o'clock in the afternoon and rendered its verdict after deliberating six hours. It is understood that a majority was for acquittal from the start and that it then took some time to go over all the documents in evidence before a unanimous verdict was reached. It is generally understood that there was doubt as to Miller's connection with the transaction between Johns and Ryan.

IS AFTER MEN
FOR THE ARMY

Member of Major Cook's Recruiting
Force Will Spend the Winter
in Janesville.

James Blaney, a private in the recruiting force under Major Cook, who is stationed in Milwaukee, has been detailed to Janesville this year to secure additions to the regular army. He has been in the Bower City now for three days and has had three applications for enlistment but owing to the absence from the city of Dr. Whiting, who will act as medical examiner, nothing has been done towards enlisting men except the taking of names of those who desire to become soldiers. Mr. Blaney, who comes from sunny Kansas, thinks that possibly he may remain here during the winter. He does not favor the cold weather, however, and will be glad when warmer days arrive. Upon the return of Dr. Whiting the work of enlisting will be continued. Mr. Blaney is stationed at the Park Hotel.

Reappoints Negro.
Washington, Nov. 21.—The Rev. Joshua E. Wilson, a negro, has been reappointed postmaster at Florence, S. C., by President Roosevelt regardless of the opposition of white citizens.

Tower Keeper Is Shot.
New York, Nov. 21.—W. H. Clendenen, tower keeper at Brown's Tower on the Beech Creek division of the New York Central railroad, was fatally shot by a robber from a tree.

Smallpox Wipes Out Ten.
Louisville, Ky., Nov. 21.—The entire family of John V. Blair, consisting of ten persons, has been wiped out by smallpox.

WHEY BUTTER IS
KNOCKED OUT NOW

Internal Revenue Inspectors Have
Stringent Orders from
Washington.

Instructions have been received from Washington by the internal revenue officials to notify every cheese manufacturer in the state that hereafter that whey butter containing more than 16 per cent. of moisture will be taxed as adulterated butter at the rate of 10 cents a pound.

This order has been sent to all parts of the country and probably will result in killing an industry that has been quietly carried on for years at enormous profits.

Speaking of the discovery of the whey butter industry, State Food and Dairy Commissioner J. Q. Emery said: "Wisconsin's product of whey butter, according to my best information, is marketed largely in Chicago and sold as whey butter, to commission merchants. The average price for several seasons has been about 10 cents per pound. It is therefore apparent that if a tax of 10 cents per pound is imposed upon whey butter the manufacture of that butter will be taxed out of existence."

Prof. E. H. Farrington of the state university said: "Butter has been made from whey in the Swiss cheese factories in Wisconsin for years, but in such small quantities as not to amount to much commercially. In the manufacture of Swiss cheese excessive stirring results in the failure of the curd to retain all butter fat in milk, and when the whey is drawn off it contains perhaps 1 per cent. of butter fat. After the whey has stood for some time, this butter fat comes to the top and is skimmed off."

"One hundred pounds of milk that will make twelve or thirteen pounds of Swiss cheese will make a pound of whey butter."

EX-GOVERNOR DRAKE
OF IOWA PASSES AWAY

Millionaire Politician of the Hawkeye
State Expires at Home of His
Daughter.

Centerville, Ia., Nov. 21.—Gen. F. M. Drake, a former governor of Iowa, died at the home of his daughter, Mrs. Henry Goss, in this city. He was stricken with diabetes.

The estate of Gen. Drake, consisting of bank and railroad stocks and farm lands, is estimated to be worth between \$3,000,000 and \$4,000,000. It is said Drake university, to which he already has given sums totaling \$200,000, will receive a share of the estate.

For the last twenty-five years Gen. Drake had been engaged in the railroad and banking business. He had projected, constructed and put in operation five railroads. He was president of the Indiana, Illinois and Iowa and the Albia and Centerville companies, a director of the Keokuk and Western, and president of the Centerville National bank. He also was president of the board of trustees of Drake university, which bears his name as one of its founders.

Gen. Drake entered the Iowa political arena as a prominent figure a quarter of a century ago. While he had been a delegate to state and national conventions, his name was not linked with any office until 1893, when he entered the gubernatorial contest. He failed that year, but two years later received the unanimous vote of the Republican convention and was elected by a big majority. The latter part of his first term developed into a stormy affair, and this, coupled with a return of his old army trouble, caused him to retire.

Gen. Drake had been a member of the Odd Fellows' lodge since 1854 and a Mason since 1859.

STATE NOTES

Jacob Iverson, aged 35 years, of Kenosha, was crushed to death by a falling tree.

Mark Carney, aged 3 years, was burned to death at Kenosha. The child's clothes caught fire from a stove.

Gov. La Follette, who has been lecturing in Minnesota, and the Dakotas, is expected to return home tonight.

Patrick Cahill, a former resident of Fond du Lac, was killed by the cars at Dallas, Tex., today. He was employed as a switchman.

John Welsh of Milwaukee lost both feet at the ankles by being run over at Barton by the freight train of which he was conductor.

State Banking Commissioner M. C. Borgh has issued a call for a statement of the condition of the 355 state banks at the close of business on Nov. 17.

The joint institute of Racine and Kenosha teachers opened Friday night, the conductors being Messrs. Livingston and L. T. Gould, and Miss Maud B. Curtis of the Milwaukee normal school.

The Baraboo common council has appointed L. D. Wolfe of St. Paul and Mayor J. E. Jones of Portage as members on the appraising board to represent the city in the waterworks arbitration question.

Robert Mutter, sheriff of Racine county, has presented a proposition to the county board to take care of the prisoners at the jail for \$7,000 a year, including a salary of \$2,000. This is an increase of \$500 over last year.

Cleveland says he would rather see his son a bridge-builder than a president.

THIRTY-FIVE DEAD

Italian Laborers Meet Their Doom While Sleeping
in Shanties in Altoona, Pa.—Fifteen More Are
Seriously Injured—Fight for Their Lives.

(Special by Scripps-McLae.)
Altoona, Pa., Nov. 21.—Thirty-five Italian laborers were burned to death in their shanty a mile west of Litley, eighteen miles from here early this morning. Fifteen men working on the railroad were seriously injured. The fire broke out in the workmen's bunk houses, in which a hundred and fifty were asleep. The fire was evidently started from an overheated stove. The flames spread rapidly and collected to the straw bunks. There being but one entrance to the shanty and few windows, the men were caught like rats in a trap. When the laborers who escaped saw the building doomed they tried to get back and secure their belongings. At the one exit a desperate fight took place. The men inside made frantic efforts to save their lives, while those outside sought to get in. The little door was choked with a struggling mass of humanity. In considerable short time the shanty was smoldering in ruins, as the door filled in a ghastly mass were fourteen bodies. Behind them were other bodies, some were burned to a crisp. The men at the door suffocated. When the flames were extinguished the work of rescue began. Twenty bodies were soon recovered. The wounded were sent to the Johnstown hospital.

SEVENTEEN MEN IN
LA'S CLUTCHES

GRAND RAPIDS, MICH., HAS A
BIG SCANDAL.

ACCEPTING BRIBES CHARGED

It Is Claimed They Took Money to
Aid in Giving Certain
Contracts.

(Special by Scripps-McLae.)
Grand Rapids, Mich., Nov. 21.—Seventeen warrants for prominent business men and politicians of this city were issued this morning and will be served at once. The men are charged with fraud and receiving bribes in connection with Lake Michigan waterway. Fourteen of the men are aldermen of the city, the other three are for ex-Mayor Perry, State Senator Burns and ex-Member of the Board of Public Works Bissell. The arrests have caused considerable excitement in the city and it is said that even greater developments will come when the cases go to trial.

NOTED HOLLAND MAN
TIRES OF LIFE BATTLE

Flags Are at Half-Mast Over the
Death of J. C. Post, Active in
Business Affairs.

Holland, Mich., Nov. 21.—J. C. Post, attorney, bank president, director in numerous corporations and a member of the Chicago Athletic club and the Macatawa Yacht club, shot and killed himself here. The motive is a mystery. He left nothing explaining his act, and his friends, of whom everybody in Holland is one, are at a total loss to account for it. All the flags of the city are at half-mast because of grief over his death.

Mr. Post was the only son of H. D. Post. He was born Sept. 20, 1854. Receiving a preliminary education in the local schools, he went to Hope college. After graduation from Hope he studied law at the University of Michigan and received a diploma. He was married July 24, 1877, to Kate Garrard of Allegan, who with three sons and two daughters survives him. After the death of his father Mr. Post entered actively into a business as well as a legal career. At the time of death he was president of the State Bank of Grand Haven and the Holland Sugar company, vice president and director of various Holland concerns, a principal stockholder in the Illinois Engraving company of Chicago and had other large Chicago and outside interests.

The steamer Discovery, which left Nome Oct. 14, with thirty-one passengers, has not been sighted since Oct. 28 and shipping men believe she will never reach port.

FOOTBALL GAMES
PLAYED TODAY

Harvard-Yale—Wisconsin Meets the
Northwestern Team in
Chicago.

In both the east and west there are only two games which are attracting more than common interest. In the east Yale and Harvard come together and in the west Northwestern and Wisconsin. Yale should defeat the broken Harvard team but surprises may happen and the Sons of Eli may not have recovered from the defeat by Princeton of a week ago. Wisconsin should defeat the Purple team, even though they played Chicago a tie game some weeks ago and have been steadily improving.

The following are the games scheduled for today in both east and west:

Western
Wisconsin vs. Northwestern, at Chicago.
Michigan vs. Oberlin, at Ann Arbor, Mich.
Illinois vs. Iowa, at Iowa City, Iowa.
Nebraska vs. Bellevue college, at Lincoln, Neb.
Notre Dame vs. Ohio state, at Notre Dame.
Drake vs. Des Moines college, at Des Moines, Iowa.
Eastern
Yale vs. Harvard, at Cambridge.
Carleton vs. Virginia, at Norfolk, Va.
Navy vs. Virginia institute, at Annapolis.
Lehigh vs. Lafayette, at Bethlehem.
New York vs. Union, at New York.
Amherst vs. Hamilton, at Clinton.
Bucknell vs. Buffalo, at Buffalo.

Former Scores
In connection with the Wisconsin-Northwestern game it may be pleasant to note the comparative scores of the two schools since 1892:
1892—Wisconsin, 25; Northwestern, 6.
1892—Wisconsin, 20; Northwestern, 6.
1893—No game.
1894—No game.
1895—Wisconsin, 12; Northwestern, 6.
1896—Wisconsin, 6; Northwestern, 6.
1897—Wisconsin, 22; Northwestern, 0.
1898—Wisconsin, 47; Northwestern, 0.
1899—Wisconsin, 38; Northwestern, 0.
1900—No game.
1901—No game.
1902—Wisconsin, 51; Northwestern, 0.
Games won—Wisconsin, 7; Northwestern, 0.
Games tied—One.
Total points—Wisconsin, 222; Northwestern, 24.

HEADACHE TURNS HAIR
FROM GRAY TO GREEN

Woman Thinks There is Nothing
Strange in the Phenomenon, but
Nurse Differs With Her.

New York, Nov. 21.—"The woman with the green hair" is a patient at Bellevue hospital. She is Mrs. Adelaide Senley of this city and 65 years old. She went to Bellevue and asked Dr. Hyde to cure her of brachitis. In the dim light of the reception room her hair looked gray. She was sent to a ward by the doctor, who was ignorant of the fact that he had a medical prodigy on his hands. When the light of the morning sun broke in on Mrs. Senley the nurse cried in surprise. Instead of the dignified white haired woman she had seen in the lamp-light there lay a patient whose tresses shone a vivid sea green. "It's nothing queer," explained Mrs. Senley. "I have severe headaches and my head just naturally aches so hard my hair turns green. There is nothing funny in that. It will come back to its natural color some day. It's done this thing before."

SPARKS FROM THE WIRES

A break in the dam has shut off the water supply at Ottumwa, Iowa. Casing in the Wilson avenue sewer at Youngstown, O., gave way and buried six workmen under death ten feet of sand and gravel. Martin Timlin and Raphael Chillo were killed.

Fire in the Park theatre, at Butler, Pa., caused \$300,000 property loss. Falling walls buried fifteen firemen and Chief Jacob Burckholder, Frank Ziegler, Charles Douglass and Albert Walters were seriously injured.

The trial on the charge of grand larceny of E. J. Arnold, president of the Turf Investment company bearing his name, began in the criminal division of the circuit court at St. Louis, Mo., before Judge McDonald.

District Attorney Lichtenwaller at Allentown, Pa., caused the issuance of warrants charging Mrs. Catherine Bechtel, Myrtha, Charles and John Bechtel and Alois Eckstein with being accessories before the fact of the murder of Mabel Bechtel.

Fire destroyed the old Masonic Temple and adjoining stores at Louisville, Ky., in the heart of the retail district. The loss is \$250,000. The mayor threatens to discharge two fire companies and prosecute members for wholesale thefts by firemen during the fire.

Harry Penrose, alias Porter, alias Gilmore, who was convicted of seduction in district court at Fergus Falls, Minn., was sentenced to five years at Stillwater, Judge Searle giving him the highest penalty allowed by law. Penrose has been traveling in the west and swindling women for years. He was once arrested at Vermillion, S. D., but escaped.

READY TO VOTE
ON RECIPROCITY

The Democratic Senators
Name Conditions Which
May Settle Existing
Difficulties.

WOULD SET DATE

If Republicans Agree, They
Will Not Enter Into
Discussion of the
Tariff Questions.

Washington, Nov. 21.—Speaker Cannon has stepped into the breach, and, with the reinforcements brought him by his party leaders, will attempt to marshal the house to protect the president from attack by the senate on his Cuban reciprocity policy. The bill as passed by the house has been received by the senate and referred to the committee on foreign relations, despite the opposition of the minority, who desired it sent to the committee on finance, on the ground that it is a revenue measure.

The Democratic senators at their caucus decided to agree to an adjournment of congress by the middle of next week for the extra session, provided the Republican senators in charge of the Cuban bill would set a date in December for a vote upon it. They also decided to offer as an extra inducement a promise not to enter upon a general tariff revision discussion should the compromise be accepted.

Question of Adjournment.
It is the disposition of the senate to adopt some such plan as the Democrats offer, but the senate cannot adjourn for a longer period than three days at a time without the consent of the house. The house leaders admit the right of the senate to conduct its own affairs to suit itself, but they say that congress cannot adjourn for the session without the concurrence of the house, and it will not be given. The house leaders take the position that congress was called in extra session for a specific purpose. The house has discharged its duties, and it is incumbent upon the senate to finish the work or at least utilize all remaining time to dispose of it. Therefore while the senate has the power to fix a time when a vote shall be taken upon the Cuban bill the house also has the power to refuse to adjourn the present session.

House Will Not Agree.

Speaker Cannon and other house leaders believe the proposition to terminate the extra session next week was made to defeat Cuban reciprocity and involve President Roosevelt in an acrimonious quarrel between the house and senate. In view of his announcement that the house will not agree to the adjournment, it is expected that the senate will begin the consideration of the Cuban bill, even though it should not conclude its work before the expiration of the extra session.

CANNONS ARE POPULAR.

Roosevelt Is Likely to Follow Precedent Made by McKinley.

Washington, Nov. 21.—The speaker of the House and Miss Cannon are among the most popular entertainers in Washington. Mr. Cannon is established in a comfortable home on Vermont avenue, and nearly every evening he has two or more of his colleagues to dinner. Miss Cannon will begin her weekly receptions the second week of December. Miss Cannon undoubtedly will be given the place of honor at the White House dinner to the cabinet and Congress on Dec. 17. President Roosevelt has not committed himself on the subject of official precedence, but it is believed he will follow Mr. McKinley, who recognized a class composed of the president and vice president, the chief justice, the president of the senate and the speaker of the House. The wives and daughters of these five men rank all other women in official life.

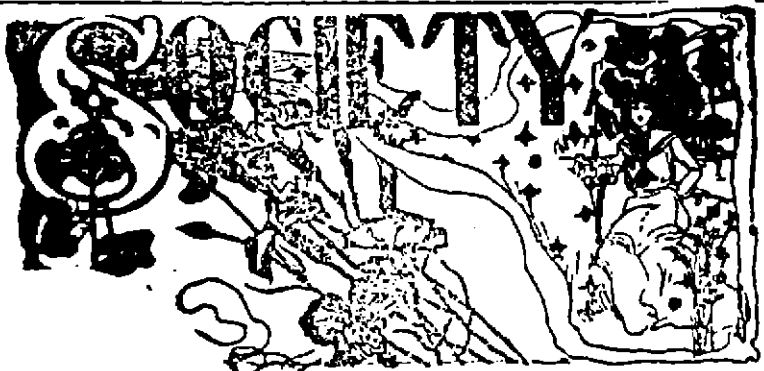

Hopkins' Committees.

Washington, Nov. 21.—In the distribution of Senate committee assignments Senator Hopkins of Illinois will have a place upon the important Inter-oceanic canal committee, one of the most influential and desirable in view of the determination to complete the Panama canal, and will also have a place upon the committee on privileges and elections, another important committee.

Arraigns Spaniards.

Washington, Nov. 21.—A severe arraignment of the legacies of Spanish maladministration of Porto Rico is made in the annual report of William H. Elliott, commissioner of the Interior of Porto Rico. An appropriation is asked for improving the harbor of San Juan, to be incorporated in the river and harbor bill.

Harry P. Robinson spent Thursday evening visiting friends in Rockford.

The Junior League picnic supper in the Court Street M. E. church last evening was, under the management of Mrs. E. J. Boomer, an unqualified success. The parlors of the church were invaded by a host of Junior Leaguers to the number of seventy-five. After the regular Junior League meeting the boys and girls had a delightful social time in playing games; after which an elaborate supper was served to the great delight of all present. Mr. H. F. Nott added in no small degree to the merriment of the evening by his numerous comical selections from the gramophone. The occasion was one long to be remembered by the little folks, and is but one of a series of good things to follow. After the leaguers had vacated and all was still, a goodly number gathered for the study of "The Life of Christ" under the leadership of the pastor, J. H. Tippet.

Capt. W. O. Hillborn, who has been in charge of the local Salvation Army barracks, was called to Racine last Sunday to attend the funeral of Mrs. Hillborn's mother. Captain Hillborn will not return to Janesville and a fact that will be regretted by many people, who enjoyed his musical talent. Acting Lieutenant Sloan is at present in charge and will remain until other officers are appointed to fill the vacancy. Meetings have been abandoned until new officers arrive.

Mrs. Charles Tarrant of 158 North Jackson street entertained the ladies of the Janesville Art League at her beautiful home. The program was exceedingly interesting; the topics being grouped about the Types of Greek Gods and Goddesses in the study of early Greek sculpture. These meetings are very interesting and the ladies who have the papers do considerable work, the preparation making the afternoon most entertaining and instructive.

The enticing game of High King was the method of entertainment at the home of Mr. and Mrs. J. Little, in the First ward. Supper was served at six o'clock and cards followed. Mr. and Mrs. Charles Reeder were the prize winners of the evening. This club has had many delightful evenings at this game this winter and more are in contemplation.

Mrs. J. P. Baker and daughter, Mrs. Harry McNamara, entertained sixty ladies yesterday afternoon at the home of Mrs. Baker on North High street. Cards were played during the afternoon and Mrs. John Fisher and Mrs. John G. Rexford were the prize winners.

Miss L. M. Mosher of Waupun was a guest at the State School for the

A large black dog belonging to Willie Murphy who lives near the railroad tracks has his tail amputated by a switch engine in the yards last night.

St. Paul Road. The accident to Conductor I. N. Dunwiddie reported in these columns Thursday was of a very serious nature and he narrowly escaped death. While at Gratiot Wednesday night he mistook the switch he had thrown and the cars came in on the track on which he was standing. In the darkness he failed to see them coming and was struck down between the rails. Three cars passed over his body and the fourth was just passing when the engine was brought to a stop. Brakeman John McCuo had heard his shout and signaled the engineer. While under the cars he had the presence of mind to dodge the brake-beams which hung very low, but as the fourth was passing his right foot was caught in one of these and the ankle badly sprained. The approach of the engine meant certain death for him and in being in full possession of his senses, the moments were filled with horror for him. Aside from bruises, the sprained ankle, and a scalp wound he sustained no serious injuries.

The Freight Handlers' union formed with the assistance of Organizer Haycock Wednesday evening, elected the following officers: President, James Harper; vice-pres., Fred Tall; treasurer, F. Schumacher; recording secretary, Thomas

CONDITIONS GOOD AT COUNTY FARM

CROPS HAVE TURNED OUT WELL THIS YEAR.

THE STOCK IS IN GOOD FORM

Oldest Inmate of the Poor House Has Resided There Thirty Years.

Figuring all the grains and hay at the market price, the total crops at the county farm this year amounted to a good one and the elements were kind to the crops. Some of the yields were extra good. There were one hundred and ten acres of corn which is worth about twelve dollars per acre. The hay was very fair bringing a good yield from sixty acres. There are now nearly one hundred and twenty tons in the barns worth now eight dollars a ton. The oat yield was forty bushels to the acre. There were thirty-two acres planted and oats are now worth about thirty-two cents. Twenty-two acres of barley brought in nine hundred bushels worth fifty cents a bushel at present prices. The potato crop amounted to eleven hundred bushels worth in the vicinity of fifty cents a bushel. The garden crop at the county farm turned out finely this summer and the various vegetables, greens and fruits grew abundantly and supplied the institution with quantities of table delicacies. No exact account of the cost and profit from this source was kept. The work on the 350 acres is now nearly completed as in any farm. At present the inmates are busy husking corn.

At the poor house there are now sixty-one persons, of which eighteen are women. The inmates of this department of the Rock county institution are naturally, as a rule, old. One has been at the farm since 1873. In that year Will Patten, a resident of the county was taken ill and has remained there ever since so holds the longest membership record thirty years.

In Asylum It is interesting to glance over the records to see the number who have kept poverty away from their doors so long. Almost in a succession, the reasons given for their coming to the poor farm are, "without home" or "without friends". Nearly all tell the same story. Their life has been one continual struggle with little sunshine, burdened with years and ill health and they are obliged to give up at last.

There are now at the asylum 150 persons, of whom 70 are women; conditions here and at the poor farm have been very favorable this year and affairs are prospering in this division of county work.

A large number of the male inmates of the asylum are able to do work on the farm, although very few are left without one of the attendants or farm hands being near. These feeble minded people at times from studies that are interesting. Some although nearly helpless, are tricky and have to be watched continually. Some will work conscientiously and hoe away in the garden throughout the hot summer days without appearing to feel the exertion and in some cases even, seeming to like it. The stories they tell to attendants and visitors are sometimes marvellous records of past wonders accomplished in every walk of life. Usually each has some hobby or idea which is constantly on his mind. One man one day told an employee of his accomplishments as a farmer. He told of having once raised an immense beet in his garden. The beet, he said grew and grew until finally it was so large, that he began to hollow it out and in time made it into a house and lived in it.

Old Employees Many of the employees at the poor farm and asylum have been there for many years. H. W. Peabody, the day engineer, has been there for nine years and Charles Kroger, the night engineer, for seven years. J. McGowan, a farm hand, has been there eight years, and J. J. Callison nine years, and Frank Bryant two years. Mrs. McGowan holds the record as lady attendant, having been at the asylum for twelve years and Lena Rye and Lottie Johnson have been there five years each. In all there are twenty employees at the farm, but many come and go with the season.

Aged People The two oldest people at the poor house are Mary Kelly, aged one hundred years, and Lucinda Humphrey, aged ninety-eight years. These two old ladies are the veterans of the little corps of old people who make their home under Superintendent Killam's wing. They are usually happy and contented.

Interesting Data During the past year to June 30th fourteen deaths occurred in the poor house, nine men and five women going to their last reward. In the insane department there were seven deaths, four male and three female. One case of scarlet fever occurred, but was promptly stamped out and the disease did not spread. The real estate at the farm is valued at \$159,323. The live stock at \$3,460; the farm implements at \$900.70; the total personal property in the insane asylum \$15,157.71, and in the poor house, \$658.55, making a total on personal and real estate of \$175,141.26.

A CARD We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Green's warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded. J. P. Baker, Geo. E. King & Co., E. H. Holmstrom, R. H. Ramsey & Co., People's Drug Co., Janesville, Wis.

BADGER MEN ARE UNIT IN PLACES

House Delegation Picks Out Committee Members from Among the List.

The Wisconsin delegation in the house of representatives, in conference have agreed upon the places on committees which they will ask at the hands of Speaker Cannon. The delegation is united, and if Speaker Cannon agrees with it, and confers the favors asked the state will be better represented as to committee assignments, than ever in its history.

The senate committee on organization has not completed its labors, but there is no reason to change the prediction, made in these dispatches, that the senators from the state will receive good care. In all respects Wisconsin will have an important part in both houses in the initiative or federal legislation.

At today's meeting of the Wisconsin members of the house Representatives Davidson, secretary of the delegation, was instructed to lay the claims of the state before Speaker Cannon. This is what they want:

Mr. Adams of Madison—Agriculture and naval affairs.

Mr. Babcock of Neenah—Chairmanship of District of Columbia and ways and means.

Mr. Brown of Rhinelander—Chairmanship of mines and mining, and Indian affairs.

Mr. Cooper of Racine—Chairmanship of Insular affairs and a place on any other good committee.

Mr. Davidson of Oshkosh—Chairmanship of railways and canals, and rivers and harbors.

Mr. Esch of La Crosse—Military affairs and interstate and foreign commerce.

Mr. Jenkins of Chippewa Falls—Chairmanship of judiciary.

Mr. Minor of Sturgeon Bay—Chairmanship of merchant marine and fisheries, public buildings and grounds.

Mr. Otjen of Milwaukee—Postoffice and post roads.

Mr. Welles of Sheboygan—Agriculture and invalid pensions.

MOLASSES FOR HORSES

Recently scientific tests have been made as to what is the best feed for horses that are unthrifty or sick. Instead of feeding them oats or corn, Molasses Feed is given with the most gratifying results. A horse that weighed 900 pounds gained 40 pounds in two weeks on a molasses diet, and in a month he had added nearly 100 pounds to his weight. All signs of disease disappeared and his new coat of hair was glossy and beautiful. This experiment was done at hundreds of places all showing the wonderful curative and health giving properties of Molasses Feed. Farmers, livestockmen and others who own horses should give this Molasses Feed a test. It is cheap, and if as represented by scientists, it can make and re-build run-down horses. It will prove invaluable to owners of horse teams. This feed for sale at

...Forty Years Ago...

Janesville Daily Gazette, Saturday, November 21, 1863.—The rebels in St. Domingo have possession of the larger portion of the island, though the Spaniards claim to have recently obtained two victories. A new Spanish captain general has been appointed.

Return of Mr. Beecher.—Rev. Henry Ward Beecher returned home on Monday from his European tour, and was warmly greeted by hosts of friends. He has done great service to his country and its cause while abroad, and especially by the speeches he delivered while in Great Britain. On the 30th of October, the day previous to the sailing of Mr. Beecher from England, a breakfast festival was given him in Liverpool by the emancipation society. About 200 ladies and gentlemen were present, including many distinguished personages. In response to a congratulatory address, Mr. Beecher spoke most eloquently and with great feeling, and was enthusiastically applauded.

European War.—At no time within the last five years has there been so much prospect of an European war. There are three prominent questions of dispute agitating transatlantic nations; the insurrection in Poland, and the terms of its settlement; the quarrel between the Germans and Denmark, about the division of Schleswig; and the Italian controversy, which includes the question of what to do with the pope? The principal present belligerents who appear to be openly preparing for this contest are Russia and France. They may not engage in actual hostilities, during the winter, but the opening of spring can scarcely

ly fall to see them at war. It is for this that the Russian navy has been sent to America, and it is in view of the same contingency that France is endeavoring to close up its controversy in Mexico. It is fortunate for America that European nations are likely to have enough on their hands to occupy their time and attention without meddling with our affairs. And the indisposition to intervene in our civil war, is probably owing more to their own troubled horizon, than any new light these governments have obtained in regard to the origin and probable solution of our difficulties.

Denmark—A Remarkable Speech.—According to a Stockholm paper, the king of Denmark recently delivered the following speech, in which he contingently declares in favor of a republic:

"I have every confidence in the victory and justice of our cause. I know that my faithful Schleswigers are Danish at heart, and that it would be a crime against them to consent to divide Schleswig. History shall not tell that the last of the Oldenborgs parceled out Denmark. If, however, in the course of time we must succumb as being the weakest, and France and Sweden permit the most southern province of Scandinavia, the old Jutland of the south, to share the fate of Galicia, of Poland, and of northern Italy, by being overpowered and suppressed by German governments, then I will descend from my throne and will proclaim the republic. I passed three years of my youth in Switzerland; I have studied the laws and institutions of that country, and I am convinced that no people in Europe is more fitted for the republican system than my dear Danish people."

Mr. Trumbull also presided at a meeting of the stockholders of the Colorado Midland, Edwin Hawley was added to the directorate, which also will meet at New York Dec. 10.

ONLY GUARANTEED CATARRH CURE.

Hyomel Costs You Nothing, If It Fails Says King's Pharmacy and Peoples Drug Co.

Among the many medicines upon the market that claim to cure catarrh, none but Hyomel has enough faith in its own merit to be willing to refund the money if it does not cure.

This remarkable remedy for catarrh kills the microbes and the germs of the disease and from its introduction has been sold under a positive guarantee to return the money to all dissatisfied customers.

King's Pharmacy and Peoples Drug Co. sold a great many Hyomel outfits in the last few years, and they stand ready today to refund the price to any one who has not been helped by Hyomel.

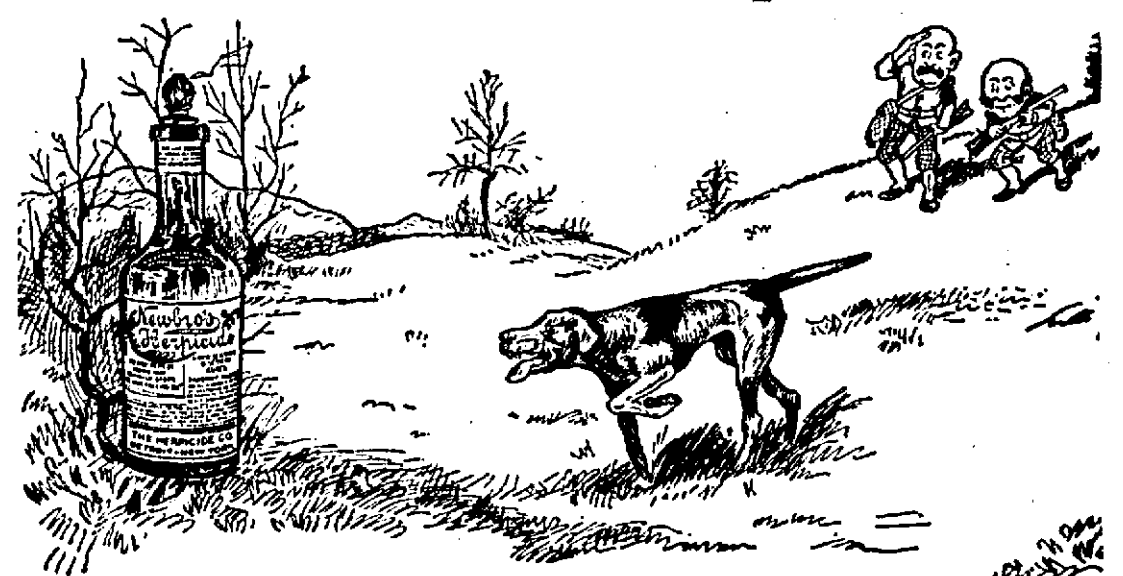

The complete Hyomel outfit costs \$1.00 and comprises an inhaler, a bottle of Hyomel and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomel can be obtained for 50c.

Breathe Hyomel for a few minutes four times a day, and your catarrh will grow better from the first day's use, and will be completely cured in a short time.

Do not try to cure catarrh with ordinary stomach medicines. Breathe the healing Hyomel which goes to every part of the air passages and respiratory organs, killing the catarrh germs and preventing their growth.

It is the only treatment for catarrh where you can get your money back from a local dealer in case it does not help.

Newbro's Herpicide.

THE HUNTERS CAME TOO LATE!

Their faithful Dog has pointed out the True Remedy to Prevent Baldness, but the Hunters came too late—Chronic Baldness is incurable.

HERPICIDE A "HAIR SAVER"

Newbro's Herpicide saves the hair by destroying the germ or microbe that is now known to be the cause of dandruff, falling hair and baldness. In chronic baldness the hair follicles are completely atrophied, causing the scalp to shrink and shine; little can be done in such cases except to save the remaining "fringe," and this is well worth saving, for it offers some protection against the cold.

The "Hair Grower" is a fallacy. It requires but a slight knowledge of Anatomy and Physiology to know that the hair gets its life and strength from the hair papilla at the bottom of the hair follicle, and the papilla in turn gets its nourishment direct from the blood; therefore nature is the only true hair grower. There are enemies of hair growth that cause hair loss and baldness. Invisible microbe growths enter the sebaceous glands, situated at the top of the hair follicles (Dr. Sabouraud, of Paris, says the microbe usually enters the scalp in youth), where one colony after another is established, until finally, after months and sometimes years, there is dandruff, itching scalp and falling hair. The Sebium also modifies, causing dry, lusterless and brittle hair. Destroy this microbe growth and protect the hair against re-infection, and the hair is bound to grow as nature intended.

Newbro's Herpicide is a Twentieth Century Remedy. Its mission is to

teach new rules for scalp cleanliness, new rules for hair preservation and to supply a germ-destroying solution that will enable any one to save their natural hair covering, providing they take the least bit of interest in this direction. As a hair dressing Newbro's Herpicide is truly exquisite, on account of its dainty and refreshing odor, which is characteristic. Chemically pure, it contains no oil, grease or sedimentary substance, neither does it stain or dye the hair. It stops itching of the scalp almost instantly.

Another Testifies To Its Merits.

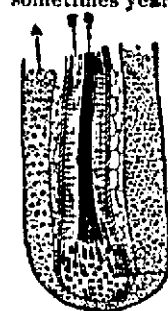

"I have used Newbro's Herpicide in my barber shop for the last six months, and find it the best dandruff cure and hair tonic I ever used, and can recommend it to all. It is cooling to the scalp and an elegant tonic for the hair."

Resumption of operations at plants along the Monongahela river, Pennsylvania, will give employment to more than five thousand additional men this week. Notices were posted at the Duquesne works of the Carnegie company that work would this week be resumed in all departments, after a suspension of three weeks.

THE REASON WHY.

Because it supplies the strength to the body to throw off the cold and prevent pneumonia and consumption, is why physicians endorse Father John's Medicine for all throat and lung troubles. Its nourishing qualities furnish vitality by which the system is able to ward off attacks of colds—it helps the stomach to assimilate food and forces nutrition into the blood. Not a patent medicine and free from weakening stimulants, alcohol or nerve-destroying and poisonous drugs. We are able to guarantee it because it has never failed to do all that is claimed for it, during the 50 years of its success, since it was prescribed for the late Father John O'Brien, of Lowell, Mass., by whom it was recommended and from whom it derived its name. Father John's Medicine is for sale at Badger Drug Co., corner of West Milwaukee and South River streets.

THE REAL TEST.

Of Herpicide is in Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair-vigors may look nice and smell nice, but the point is—do they eradicate dandruff and stop falling hair? No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ed for their comfort, and not a semblance of fear is manifest. They are treated with respect and consideration, and the place has an air of contentment and happiness.

In driving across the fields behind an old family horse one day last fall, Mr. Lilburn said, "How old do you suppose that horse is", and answering his own question he continued, "I raised him from a colt and he was 32 last spring," and then he said, "I never sell an old horse, and I have a number that are past 20."

The old horse at 32 was more like a colt than are many in the prime of life. He had never been abused, and was always ready for service which was cheerfully rendered.

The American people are credited with a high order of intelligence, but it has been sadly neglected, along the lines of humane treatment to dumb animals.

Curiosity prompted a northern man to visit a bull fight one Sunday afternoon in a Mexican city. The amphitheater, seating 5,000 people, was packed with an intelligent looking audience who had paid an admission fee of 50 cents to witness a scene which for cruelty and barbarism puts to blush the dark ages.

The absence of Mexicans was noticeable, and was explained by a friend, who said, "The natives are all outside gambling. They never have money enough to get in. This is strictly an American audience and our best families from the city across the river are well represented."

The fight went on with all its features of cruel barbarity, and every point gained was cheered to the echo. Half starved animals that were docile in disposition were goaded to madness and then slaughtered to gratify the depraved tastes of an audience that would have resented the insult if called heathen.

The cloak of Christianity covers a multitude of sins but if there is any degree of blackness it belongs to the man whose sensibilities are so dwarfed that he finds enjoyment in persecuting a dumb animal in his helplessness.

The humane society in Boston, with branches scattered over the country, is accomplishing good, but the field is so broad and willing workers so few that results are far from satisfactory.

Janesville has a society of this kind, and every citizen whose heart is touched with a feeling of sympathy for animal life, should assume the responsibility of a self-appointed agent to aid in the work.

The man who abuses his horse should be given to understand that the treatment will not be tolerated in a civilized community.

The appeal of a helpless baby seldom falls on dull ears, but the mute appeals of dumb animals as they suffer without complaint, is of daily occurrence, and it is seldom heeded. There are some questions which have to do with every day experience that need attention, and this is one of them.

GEORGE WASHINGTON JONES.

Mrs. Wiggs and her famous Cabbage Patch, has a rival in a book just published entitled "George Washington Jones, a Christmas gift that was a blessing." The Philadelphia Press says of the book.

Christmas gifts do not usually go to a beggar, but there was one good reason why the one devised by George Washington Jones should not find eager acceptance. He was little and black; he had no relation and could hang up no Christmas stocking. Yet he boasted of going after a Christmas gift better than gold or diamonds, and secretly dreamed of gaining a beautiful young mistress by the simple process of offering himself as a Christmas gift to her. The fanciful little darkey lived in New Orleans. His dead grandfather had fired his imagination with wonderful stories of those halcyon days before the war, the glories of which could never be recalled.

When the grandfather was a little boy like George Washington Jones he was given to his "young mistress", and "by that same token" she was given to him for his Christmas gift. "You can't give a person a servant without giving a servant a boss," but, alas the war came and "the folks" were lost, and the old grandfather never succeeded in finding them again.

George Washington Jones is determined to give himself to a beautiful young lady of high degree, a "fairy lady" who plays upon a harp. His experiences in trying to do so prove rather discouraging to one of his sanguine temperament. "Fairy ladies," whether or not they play upon harps, do not seem to want a little black boy for a Christmas gift, and people persisted, to his great sorrow, in treating him as a beggar or in regarding his whole exploit as a huge joke. The possibilities of the situation here imperfectly outlined can be imagined, and they are treated with admirable skill and a delicious literary flavor. When George Washington Jones finds a resting place for his weary little legs that are incased in peculiar garments it is not with a "fairy lady" who plays a harp, but in the humble cabin of a fat, brown woman wearing a purple calico dress.

Henry Artemus Co., are the publishers and the price of the book is \$1.00. It is peculiarly adapted to Christmas.

All kinds of buildings are provided for their comfort, and not a semblance of fear is manifest. They are treated with respect and consideration, and the place has an air of contentment and happiness.

In driving across the fields behind an old family horse one day last fall, Mr. Lilburn said, "How old do you suppose that horse is", and answering his own question he continued, "I raised him from a colt and he was 32 last spring," and then he said, "I never sell an old horse, and I have a number that are past 20."

HALF A DOZEN HOUSEKEEPERS.

Many years ago Kate Douglass Wiggin contributed a series of articles to the St. Nicholas, which were of special interest to girls.

She has just compiled a little book under the title of "Half A Dozen Housekeepers." The book is illustrated with colored pictures by Mills Thompson, making a work that is attractive and of peculiar interest to girl readers.

The story is breezy and holds the attention of the reader from the opening chapter. It relates the experience of half a dozen college girls who spent a vacation at the home of a chum devoting their time to initial housekeeping.

The book is neatly bound in cloth and is just from the presses of Henry Altomus Co., Philadelphia. The price is 75 cents.

EX-CONGRESSMAN COOK.

The Milwaukee Sentinel made the announcement yesterday that ex-Congressman Cook, of Nebiah, had decided to enter the race as a candidate for governor before the next republican state convention. Mr. Cook is emphatic in the statement that he is not a factional candidate, that he seeks republican support throughout the state. This is a wise position for him to occupy, and his declaration has a ring of harmony that is very refreshing.

While Judge Baensch is first in the field, Mr. Cook's candidacy will not be opposed by the republican press of the state. Any good man has the right to aspire to the high office of governor, and the success of either candidate mentioned means peace within the ranks of the party, and an area of harmony so much desired.

The governor has not yet declared his intentions, and it is generally conceded that he has no claim on the party for a third term. The field of politics is large, and there is plenty of room for him to satisfy ambitions outside the office which he now holds.

If either Judge Baensch or Mr. Cook can bring to the convention sufficient strength to win, the party will be satisfied.

TAX LEVY HAS BEEN PREPARED

COUNTY CLERK STARR COMPLETES ARDUOUS TASK.

CITY'S TOTAL TAX IS GIVEN

It is Considerable Lower Than Last Year — County's Assessment Raised \$10,000 This Year

County Clerk Starr has made the tax levy and has sent the same to each town, village, and city in Rock county. The total county tax this year is \$65,000, instead of \$55,000, the amount raised in the last few years. It has been necessary to borrow money for county expenses each year in the past and so, inasmuch as taxes are low this year, it was deemed expedient to raise an extra \$10,000 to contribute towards paying up the indebtedness.

Tax is Lower
The total, as it stands, is lower than that of last year. The levy for the city of Janesville in 1902 was \$28,564.33. This year it is \$31,165.11. The amount is divided as follows:

For state purposes... \$7910 66
For county purposes... 13634 15
For school purposes... 6740 52
For Supt. tax...
For personal property and illegal taxes charged back 19 78
For bridge tax...
For the relief of indigent Union soldiers, etc... 860 00

Total tax... \$31165 11

Towns, Cities and Villages

The total tax for state and county purposes for the towns, cities, and villages of Rock county this year is \$148,607.08. This is nearly \$32,000 lower than the tax for 1902 which amounted to \$180,540.86. The totals for the various towns are as follows:

Avon... \$2207 02
Beloit... 3144 99
Bradford... 3819 86
Center... 4574 53
Clinton... 4092 63

JOSEPH DENNING LOSES MUCH PROPERTY IN FIRE

Goods and Tools Valued at \$400 Destroyed Last Night.

The fire department was called out at 6:30 last evening to attend a blaze in Joseph Denning's carpenter shop, No. 4 South Franklin St. Two streams of water and the chemical engine were soon playing on the flames and they were soon extinguished. The fire had gotten a good start before the alarm was turned in and about \$400 worth of picture molding, tools, and roofing were destroyed.

Fire This Morning

This morning the department was called out to put out a fire in a rubbish heap back of Charles Myers' place on Milwaukee street. No damage was done.

BRIEFLETS

Crazy Man Back Again: A week ago August Friske, an insane patient at the county asylum, eluded the watchfulness of the guards and was absent from the asylum for a week. He was found in Madison and was returned to the asylum yesterday.

Rev. L. J. Vaughn Released: The Rev. L. J. Vaughn has been released from parish work and will in the future devote all his time to the lecture platform and mission work. He will make his home at Altoona, Wis. He has many friends in this city who will be glad to hear of his having received this honor.

Spring Brook Lizards: Recently two big lizards were captured on the old circus grounds in Spring Brook. Whether they were some of the deserters from the Great Wild West show or whether they always roamed over the Spring Brook flats, will never be known. They are each over half a foot in length and although apparently harmless, are ugly appearing reptiles. The capturer of the lizards enticed them into a mason jar and they are now spending the days basking in the sunlight of the Badger Drug Company's window.

Maltby Left for Iowa: C. Maltby left early in the week for the west where he will buy cattle to be resold in Rock and neighboring counties. Mr. Maltby expects to go first to Marathon county, Iowa, and is after a carload of milch cows which will be shipped here. His plan is to procure the cattle in Marathon and neighboring counties, but if he cannot find what he wants there, he will try elsewhere.

Thomas Queeneey

The funeral of the late Thomas Queeneey was held at St. Augustine church in Footville at half past nine o'clock this forenoon. The pallbearers were Patrick Noonan, Paul Langdon, John Langdon, and James Meehan. Rev. Father Smith officiated. The interment was made at Mt. Olivet cemetery.

EXCELLENT GAME PLAYED TODAY

BELOIT MADE TOUCHDOWN IN FIRST HALF EASILY.

HOME TEAM OVER-CONFIDENT

Excellent Game of Football Being Played at Athletic Field This Afternoon.

The Beloit high school football team lined up against the Janesville boys shortly after two-fifteen this afternoon. There was a bigger crowd of interested spectators than had turned out to see the Milwaukee game and the enthusiasm was decidedly more in evidence.

New Lineup
The Beloit City eleven lined up with a number of men playing in different positions than in previous games. Caldwell was center as before, but Kennedy was right guard, Locke took tackle on the right side of the line, Devens was placed at right end, with Mahoney for the same position. Roberts played left guard, Atwood left tackle and Ryan left end.

Good Practice
The balance of the men played in the same positions as in previous games. The boys have been practicing steadily during the past week and have been shewing up in good form. They went into the game confident of winning after the hard fought tussle with the Milwaukee aggregation.

Were Confident
The Beloit players were equally confident and claimed an easy victory with a score of at least twenty to nothing. The Line City men arrived over the interurban at one o'clock with a small crowd of rooters. The teams average about the same in weight and before the first kick-off they appeared evenly matched.

Partial Record
The Beloit eleven has played the Delavan high school eleven which they defeated by a small score; they won over Beloit academy and put Evansville down with ten points, their opponents not scoring. They played the Rockford high school twice and the first time were badly snowed under with a score of forty to nothing. The second time they met the Forest City boys they fared somewhat better holding their opponents down to eleven points, the losing team not scoring.

Beloit Lineup
C. Sheldon; R. G. Girsaw; R. T. A. Cunningham; R. E. Mollstead; L. G. W. Cunningham; L. E. Saxton; Q. B. Buckley; R. H. Gardiner, captain; L. H. R. Temby; F. R. I. Temby. The officials were: Jones, of Whitewater, referee; and Wright, of Beloit college, umpire.

Janesville Lineup
C. Caldwell; R. G. Kennedy; R. T. Locke; R. E. Devens and Mahoney; L. G. Roberts; L. T. Atwood; L. E. Ryan; Q. H. Galbraith; R. H. Flaherty; L. H. Sennett; F. R. H. Millmore.

Beloit Ahead
At the end of the first half Beloit was ahead. In the first three minutes of play Mollstead secured the ball and ran three-quarters the length of the field and made a touchdown.

Score—Janesville, 0; Beloit, 5.
Near the end of the last half Janesville made a touchdown.

Score—Janesville, 6; Beloit, 5.

FRENCH TROOPS IN DOMINGO

Cruiser Lands Consul's Guard While Rebels Shell the Capital.

Santo Domingo, Nov. 21.—The French cruiser Jurien de la Graviere arrived here and landed guards for the protection of the consul. Severe fighting has begun. The insurgents are bombarding the town and their attack is being vigorously resisted by the forts. No great injury has been done. The United States cruiser Baltimore will be compelled to leave Saturday and another American warship is anxiously expected. Fighting continues to the south, but the results so far as known are favorable to the government.

BOXING CONTEST AT CRYSTAL SPRINGS

"Squat" Miller Bested "Bill" McConnell in a Three-Round Go

Last Evening.

A three round boxing contest between "Bill" McConnell and "Squat" Miller was witnessed by a hundred or more Janesville sports at the Crystal Springs dance hall last evening. McConnell had slightly the best of the fight in the beginning but Miller soon demonstrated better staying qualities and generalship than his antagonist and the referee had to count time for McConnell three times in the last round. The contest was fought with regulation gloves and there was no interference on the part of the police. A well known east side saloon-keeper acted as referee. The decision was awarded to Miller.

LOCAL COMPANY IS NOT AFFECTED

BY THE SUICIDE OF JOHN C. POST.

ASSETS OVER FIFTY THOUSAND

The Art Study Company Will Not Be Seriously Inconvenienced by the Death.

Word was received here this morning of the sudden death of John C. Post, of Holland, Michigan, at his own hands yesterday morning. Telegraphic accounts in Chicago papers stated that the cause of his death was worry over his failure to meet notes amounting to forty thousand dollars, endorsed by him for the Art Study company and due yesterday. Men who are in a position to know of the business of Mr. Post and of the Art Study company denounce the story as made from whole cloth and say that while Mr. Post was an endorser of paper for the Art Study company it was not to a half of the amount named and the paper was held by a Holland bank, not a Janesville bank, as stated.

Rumors about the street this morning that the Art Study company are in hard lines owing to the death of Mr. Post are emphatically denied by officials of that company, who state that the business is very prosperous and has more than it can well fill. One gentleman thoroughly conversant with the business of the company stated this morning that the total indebtedness of the company was less than twenty thousand dollars, while the assets were fully fifty thousand dollars, if not more. He did not anticipate any serious difficulty for the Art Study company and thought that Mr. Post's death was caused more by ill health than worry over the business of the Art Study company.

Mr. Post was a very prominent man in Holland, Michigan, and was interested in several banks and private concerns similar to the Art Study company. He has been alling for some time past and it is thought by men who know him that business reverses had worried him to such an extent that he lost his mind and took his life while temporarily insane.

House Owner. Letter to John Timmons, Wis.

Dear Sir: A good many people will see your house in the course of the next ten years. We want it to show what Devoe Ready Paint will do. We should like you to paint it, and then not paint it again for ten years—unless it needs repainting.

We'd like such a sample as that in every town in the country—with a notice about it in the town paper: "Mr. Timmons' house was painted ten years ago with Devoe Ready Paint, and has never been repainted. The color is not so bright as it was; but the paint is as perfect as a coat as ever, to keep out water."

A good lead and oil job is expected to last three years; it is a good one that lasts three years; it generally does not. Devoe Ready Paint lasts twice as long, if not—

"If you have any fault to find with this paint, either now in putting it on, or hereafter in the wear, tell your dealer about it."

"We authorize him to do what is right at our expense."

We want your house as a sample and you as a witness.

Yours truly,
F. W. DEVOE & CO.

LABOR TALK FOR WORKMEN

Gossip From All Over.

President Gompers' address showed that the gain in membership of the affiliated internal unions and of the Federation of Labor during the last year had been 442,100. Mr. Gompers pointed out that the grave danger which confronted their movements was the internal strife due to conflicting claims of trade jurisdiction.

The treasurer's report showed the income of the year was \$547,800, the expenditures \$196,915.

Among the other questions to be discussed are those of industrialism against trade autonomy, woman and child labor, the eight-hour question, trade jurisdiction, arbitration of labor difficulties and unionism in government offices.

It is now evident that the strike of the coal miners in the First District of the Colorado Fuel & Iron company is no small affair. In fact, it is a strike out of all proportions even to that hoped for by the officers of the United Mine Workers of America and ten times what was looked for by the coal operators.

A general strike in the Northern Colorado coal fields was declared at Louisville Col. last Saturday. In all about 1,275 men are idle or will be idle. This makes the shutdown practically complete and only a few of the small independent mines will continue open.

The action of the miners of the northern field was a surprise to the operators. After the conference held in Denver in which practically every demand except the eight-hour day was granted to the men, they determined to strike.

It is stated in Washington that should President Roosevelt be re-elected in 1904 John Mitchell will succeed Secretary Cortelyou as secretary of the Department of Commerce and Labor.

The convention of the American Federation of Labor opened in Faneuil hall last Monday at Boston. Nearly all of the delegates were present, including Samuel Gompers and President Mitchell.

The convention will be in session at least ten days and 475 delegates representing 17,000 votes are in attendance. One of the principal questions considered by the convention will be whether the American Federation of Labor shall recommend that the affiliated members ally themselves with that political party which in their judgment will best promote the cause of labor. It is said that a resolution will be introduced implicitly pledging the Federation to the cause of socialism.

My Breath.

Shortness of Breath Is One of the Commonest Signs of Heart Disease.

Notwithstanding what many physicians say, heart disease can be cured.

Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homoeopathic) of regular practicing physicians.

It has proved itself unique in the history of medicine, by being so uniformly successful in curing those diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking or running up stairs, or of other exercises, if the heart is unable to meet this extra demand upon its pumping powers—there is something wrong with it.

The very best thing you can do, is to take Dr. Miles' New Heart Cure. It will go to the foundation of the trouble, and make a permanent cure by strengthening and renewing the nerves.

I know that Dr. Miles' New Heart Cure is a great remedy. For a number of years I suffered from shortness of breath, smothering spells, and pains in my left side. For months at a time I would be unable to lie on my left side, and if I lay flat on my back would nearly smother. A friend advised using Dr. Miles' New Heart Cure, which I did with good results. I began to improve at once, and after taking several bottles of the Heart Cure the pains in my side and other symptoms vanished. I am now entirely well. All those dreadful smothering spells are a thing of the past.—F. P. DLAKE, Middleton, O.

If the first bottle does not help you, the druggist will refund your money.

HIGH CLASS DRUGGISTS AND — OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or official names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—"Syrup of Figs"—or "Fig Syrup"—and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

WOODS ARE FULL OF COTTON TAILS

Hunters Report Good Sport This Winter—Many Waiting for First Fall of Snow.

In the minds of some rabbit hunting is almost as much fun and furnishes as much real sport as the deer. A man is much more likely to get the game, for one reason, and much less likely to be taken for a rabbit, and brought home on a shutter than is the man who goes after deer and comes home with a 44 caliber bullet in his anatomy. At any rate it is good sport to go out into the country for a few miles, and wander through woodlots, clearings and stubble-fields in the sharp November air, even without a dog, and watch for brown balls of fur scurry from behind distant brush piles making the sparkling snow flakes fly behind and then disappear in the underbrush.

With the first fall of snow many hunters will be out after this sport and never before, at least a good many years, have rabbits been so numerous in this vicinity. Every hedge fence, every corn field, every pile of brush and every piece of swamp land furnish a home just now for the fleet footed "cotton-tails."

When the cold weather settles they will take to their burrows in the ground and will come only when compelled to do so by hunger or their most deadly enemy, the hunter with a ferret.

To be sure, it is against the law to hunt rabbits with a ferret, but it is also a hard task for any game warden to catch a hunter who is "on to his job." The ferret, if well trained, can be carried in a little sack or even in the coat of the owner. When his services are needed he is simply dropped into the burrow and you can count on the ferret doing the rest. Mr. Rabbit has a choice of fighting to the death or making himself scarce. He always chooses the latter proposition and promptly makes his exit at the rear door of the burrow. The hunter in waiting has only to grab him as he comes out, if he is a good shot, wait until the bunny is a few rods away and then drop him with a load of small shot. The ferret seldom remains in the ground longer than a few minutes, and when he appears he is consigned to the overcoat pocket and the hunt continues. Those who remember hunting trips of twenty or thirty years ago agree that it was not until the sportsmen became so numerous that the rabbits lived in burrows to such a large extent as at present.

The most popular way of hunting rabbits and the way many successful nimrods of today bag their game is to go out after a fall of snow with a number of beagle hounds. The beagle is too short-legged to catch the rabbit, but his wind is good and when you hear three or four of them coming down through a clearing in hot pursuit, one can imagine there are forty at least. The hounds compel the rabbits to run in a circle and if the hunter is in a good location, all he has to do is to stand still and wait for the bunch will soon pass within shooting distance.

Janesville hunters who have been out recently say that rabbits are as plentiful as the dead leaves and that good bags will be the rule this fall. Of course, the usual license will be necessary or a fine is liable to be forthcoming.

COLOMBIA IS NOW READY TO FIGHT

PANAMA GIVES FIRM REFUSAL

Declines Proffer of Reunion Made at Conference on Board French Vessel, at Which Commissioners From Bogota Show Resentment.

Colon, Nov. 21.—The Colombian peace commission, consisting of Gen. Reyes, Holguin and Ospina, having failed in its efforts here, will start for Washington at once to offer the United States the alternative of peace or war.

Gen. Reyes, after an all-day conference with representatives of the new republic, in which the latter refused all proposals for reconciliation with Colombia, made the following statement:

"Admiral Coghlan informed me officially that the United States would prevent the landing of Colombian troops on any part of the Isthmus. I promised Admiral Coghlan that Colombia would not take such action until I reached Washington.

Anxious to Fight.

"I also told Admiral Coghlan that if my efforts at Washington failed to bring about some arrangement concerning the present situation on the Isthmus satisfactory to Colombia the United States would have to fight the entire Colombian people and that it would be a second Boer war.

"Colombia is in desperation. I doubt if the Washington government or President Roosevelt, for whom I have the highest respect, realizes the seriousness of establishing this precedent. The large German colony in Rio Grande do Sul, Brazil, is declared to be inclining to a revolutionary movement for independence, which the success of Panama will stimulate.

"The entire republic is united in its determination to restore the Isthmus to the union."

Panama Rejects Overtures.

Gen. Reyes and his colleagues met the Panama commission, composed of Senor Arles, a member of the Junta; Senor Constantino Arsemena, and Senor Antonio Zubietta, on board the French steamer Canada.

The Colombians made strong appeals to the Panamanians to re-enter the Colombian republic, promising them concessions and protection. The Panamanians unanimously declined everything. Some of the Colombians showed ill-concealed anger, but there was no outbreak.

To Proceed to Colon.

New York, Nov. 21.—Orders to proceed to Colon have been given to the commanders of the battleships, Kearsarge and Massachusetts, which are now at the Brooklyn navy yard. All officers have been telegraphed for and those who are here have been told they must remain on board. Stores and ammunition are being taken on day and night.

BANDITS TERRORIZE IOWA TOWN

Bank Building Wrecked, \$1,000 Taken, P-Loers Escape.

Marshalltown, Iowa, Nov. 21.—Compelled to remain in their homes under threat of being shot, the residents of the village of Green Mountain, ten miles north of here, heard three explosions before daylight. The explosions wrecked the Green Mountain bank building. Three robbers ran through the streets, warning the people to keep indoors, and shooting wherever a light appeared. The robbers secured \$1,000 and escaped on a handcar.

SPRECKELS IS SERIOUSLY ILL

Sugar King Reported to Have Had Second Attack of Apoplexy.

San Francisco, Cal., Nov. 21.—Claus Spreckels, the millionaire sugar king, who is regarded as the richest man on this coast, is ill. His age and the fact that he recently had a stroke of paralysis make his condition critical. Spreckels suffered a stroke of apoplexy just after his recent return from a trip abroad, and it is rumored that his present illness is due to a second stroke. He is 75 years old.

LOST!

Somebody bought their coal of somebody else, yesterday. This "somebody else" wasn't ME, however, and therefore I lost a sale. If this "somebody" that bought the coal will come and see me next time, I can show them where they lost money by not coming to me in the first place. If there's another "somebody" in the market for coal, don't make the other fellow's mistake, but come to me at once.
